

Battery Powered Wireless Installation

Wall Button™

Product Code: FC-FAC47

STAFF EXCLUSION USING EXCLUSION WALL BUTTON (BLE)

- Allows users to exclude the counting of staff in their Footfall data. The staff exclusion kit is an additional peripheral attached to the FootfallCam internal chipset.
- Minimalist design with durable hardware
- Safe and easy to use for multiple uses, no training and disturbance of staff routine
- Integrate occupancy counting with all entrances and exits including Retail, Shopping Mall, University and etc.

CONVENIENT WIRELESS WALL BUTTON

- No wire required for installation
- Suitable for all types of surface application
- Work life up to 5 years with large battery capacity
- Long range transmission distances using Bluetooth 5.1
- Waterproof and work under a wide range of operating temperature (-20°C–65°C)

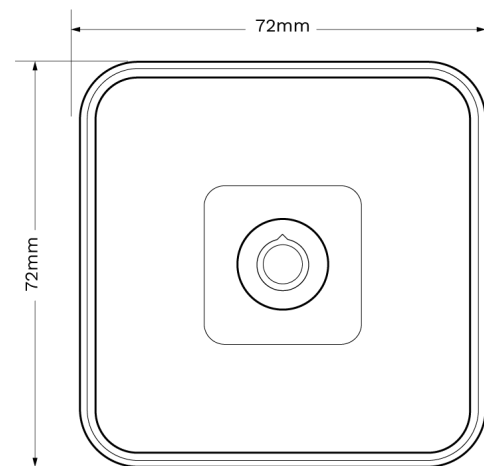

EASY TO INSTALL AND SET UP

- Support both installation methods with Double-side Adhesive Tape or Screw Bracket (optional)
- More Compact Form Factor
- 1-year Manufacturer Warranty

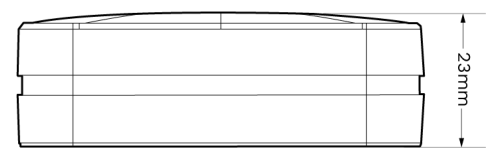

TECHNICAL DATA

Device Dimension (mm)	72 (W) x 72 (D) x 23 (H)
Material	Plastic PC+ABS
Color	White
Compatible with	FootfallCam 3D Pro2™ (BLE) FootfallCam 5D Pro™ (BLE)
Weight	129 g / 153.4 g (Depend on the battery)
Bluetooth Protocol	BLE 5.1, coverage range up to 400m Build-in internal antenna
Sensor	Accelerometer Optional
iP Certified	IP67 Waterproof & Dustproof
Operating Temperature	-20°C–65°C / -18~50°C (Depend on the battery)
Battery	Lithium; 10800 mAh
Chip	nRF52833 / nRF52840 (Optional)
Broadcasting Range	Up to 1,968 ft (600 m)
Installation Methods	Double-side Adhesive/ Screw Bracket
